Updated: March 2018

Auckland Council's Research and Evaluation Unit (RIMU) undertakes the evidence gathering functions, including research, monitoring, evaluation and reporting to ensure that the council's decision-making is based on robust evidence in the context of growth and change.

RIMU's work underpins and informs the council's core function, which includes planning for growth and meeting legislative requirements under the Resource Management Act 1991 and the Local Government Acts in relation to social, economic, land use and environmental issues.

RIMU is a multi-disciplinary hub that brings together highly skilled professionals to deliver these requirements. By linking research, policy and implementation, RIMU is uniquely placed to foster innovative and collaborative approaches to the complex issues Auckland faces now and in the future.

Monitoring and reporting on the state and trends of Auckland's environment, RIMU provides an essential node in New Zealand's national monitoring programme. A core responsibility of the council is to manage and develop Auckland in a context of sustained growth, so it is critical that decision-makers have a clear understanding of the implications of this growth and development in the

RIMU also provides in-house support for evaluation and quality assurance across Auckland Council. The teams are responsive to the demands of decision-makers throughout the organisation and translate primary and secondary evidence for a variety of end-users and audiences beyond Auckland Council. RIMU supports robust practices and provides the justification and transparency in the council's decision-making that ultimately shapes Auckland and the environment in which we live.

Eva McLaren (MA Sociology) Manager Research and Evaluation (Acting)

LAND USE, INFRASTRUCTURE RESEARCH AND EVALUATION TEAM

The team analyses critical issues confronting Auckland in relation to housing, land use, planning capacity and infrastructure. The team also oversees the provision of growth information for services and asset planning.

Regan Solomon (MSc Geography) **Team Manager**

Dr Nancy Golubiewski (PhD) Senior Researcher
Kyle Balderston (BSc Hons) Principal Growth Analyst
Dr Jennifer Joynt (PhD) Researcher Planning
Craig Fredrickson (BSc, PGDipPlan) Researcher
Dr Mario Fernandez (PhD) Research Economist
Tony Edhouse (BSc, Dip. Libr) Researcher
Chad Hu (MPlan, BSc) Growth Analyst
Grant Lawrence (MSc) GIS Scientist

ECONOMIC AND SOCIAL RESEARCH AND EVALUATION TEAM

The team provides evidence in relation to population growth and change, diversity, social trends and issues, and spatial, macro- and micro-economic analysis, including housing, retail and business land use.

Alison Reid (MA) **Team Manager (Acting)**

Dr Carina Meares (PhD) Senior Social Researcher
Alison Reid (MA) Senior Social Researcher
Dr Jesse Allpress (PhD) Senior Social Researcher
Dr Esther Rootham (PhD) Social Researcher
Dr Jacob Otter (PhD) Social Researcher
Penelope Tuatagaloa (MSc) Senior Research Economist
Mehrnaz Rohani (MSc) Research Economist
Ting Huang (MA) Research Economist
Brian Osborne (MSc) Statistical Information Analyst
Ross Wilson (MCom) Analyst
Ta'ala Shane Ta'ala Senior Advisor Te Tiriti o Waitangi and Māori Responsiveness

ENVIRONMENTAL MONITORING, RESEARCH AND EVALUATION TEAMS

The environmental teams carry out the physical monitoring of Auckland's environment: the rivers, sea, land and air - as required by law. In addition, they focus on understanding human generated impacts on the natural environment, report on environmental quality, and develop indicators to represent and communicate current and future environmental states.

AIR AND FRESHWATER

Matt Hope (Dip. Hydrology) **Team Manager (Acting)**

Dr Shanju Xie (PhD) Air Quality Scientist
Dr Nick Talbot (PhD) Air Quality Scientist
Dr Laura Buckthought (PhD) Freshwater Scientist
Matt Hope (Dip. Hydrology) Principal Freshwater Hydrologist
Nick Holwerda (BSc, Dip. Hydrology) Sr Freshwater Hydrologist
Clive Coleman Freshwater Hydrologist
Jamie Boyle (MSc) Coastal Specialist
Anna Kleinmans (MSc) Environmental Specialist Freshwater
Courtney Foster (MSc) Environmental Specialist Freshwater
Hamish Allen (MSc) Environmental Specialist Hydrology
Stacey Fraser (MSc) Environmental Specialist Hydrology
Hana Cumming (MSc) Environmental Specialist Hydrology
Finley Townsend (BSc) Environmental Specialist Hydrology
Shane Sullivan (BSc) Environmental Specialist Hydrology
Vanitha Pradeep (MSc) Environmental Data Specialist

LAND AND MARINE

Jacqueline Anthony (BSc Hons) **Team Manager**

Dr Todd Landers (PhD) Terrestrial Biodiversity Scientist
Dr Craig Bishop (PhD) Senior Biodiversity Scientist
Dr Fiona Curran-Cournane (PhD) Land and Soil Scientist
Jade Khin (MSc) Terrestrial Ecologist
Dr Megan Carbines (PhD) Senior Marine Scientist
Dr Melissa Foley (PhD) Senior Marine Scientist
Pete Del Ferro (BSc) Senior Marine Scientist
Melanie Vaughan (MSc) Marine Scientist
Ebrahim Hussain (MSc) Freshwater Scientist
Luke Stanley (BSc) Freshwater Ecologist

CORE PRODUCTS AND SERVICES

RIMU provides a range of products and services including:

- high-quality evidence to assist with strategy and policy development, implementation and evaluation
- advice on research / monitoring priorities and assistance with research design
- scenario modelling (e.g. Capacity for Growth)
- analysis and interpretation of data using statistical techniques
- State of the Environment monitoring and reporting
- monitoring of national and international trends, events and government policy developments
- producing reports, articles, technical publications and research papers tailored to a broad range of audiences
- promoting and disseminating Auckland data and reports to the community
- providing 24/7 environmental monitoring services
- peer review of technical publications
- managing the council's Human Participants Ethics Committee
- developing and maintaining websites for easy access to data and reports (see Knowledge Auckland)

KNOWLEDGE AUCKLAND

Knowledge Auckland

The Knowledge Auckland website is managed by RIMU. It provides research, information, analysis and data about Auckland's communities, economy and environment.

Please also visit RIMU's special websites for expert data and research information:

- **Auckland counts** – for Auckland's census data:
www.censusauckland.co.nz
- **Auckland economic profile** – for information about Auckland's economy:
<http://ecoprofile.infometrics.co.nz/auckland>
- **Environmental data** – Please send requests for environmental data (for example, rainfall data, water quality figures, air quality information) to:
environmentaldata@aucklandcouncil.govt.nz

Auckland Council technical publications are also published on the council's website: www.aucklandcouncil.govt.nz
