Age-friendly Aotea Great Barrier

2018 Census

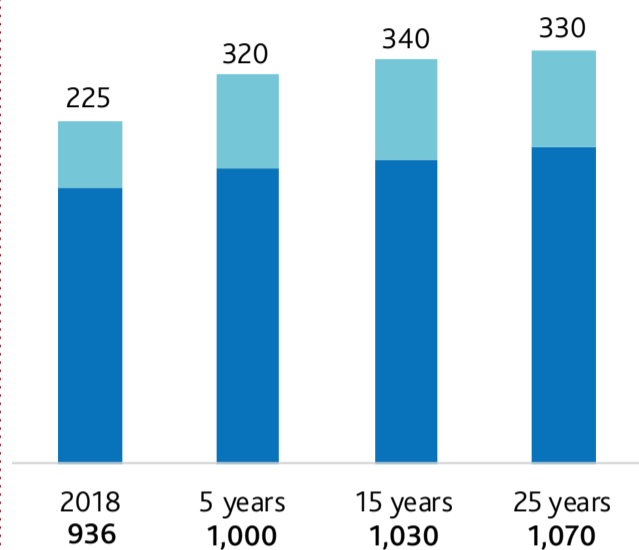

Auckland has the largest population of people aged 65 and older in New Zealand, living in different local board areas.

Auckland's older population is not a homogenous group. Differences include :

- life stages
- needs and abilities
- ethnicity and language
- rural or urban location
- financial independence.

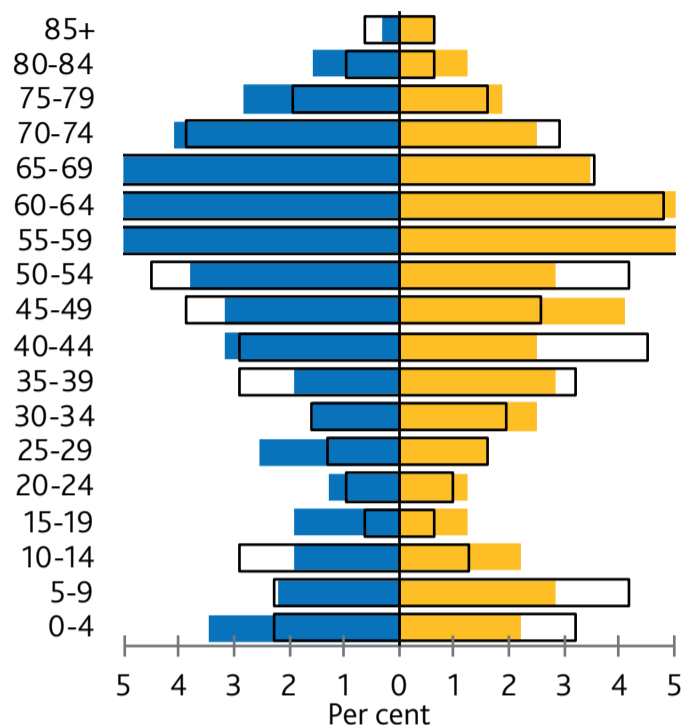

These differences affect how older people contribute and participate in their local area and wider community.

24% of the Aotea Great Barrier population was over 65 years of age in 2018 growing to **31%** in 2043

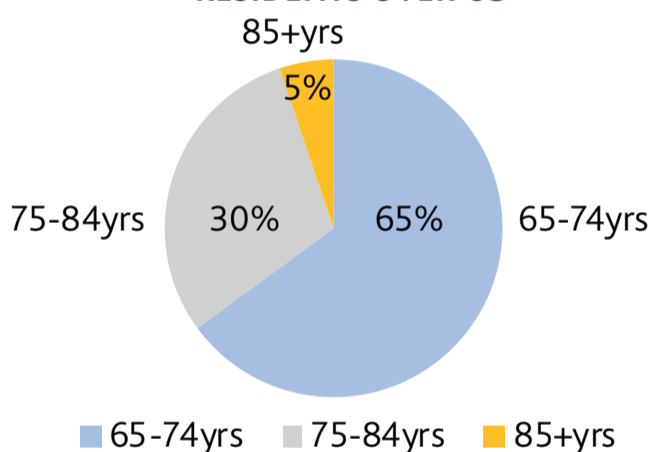

■ Aotea Great Barrier population 65 years and older
